

R J! Let There Be Light - Episode #1

Let the Truth Come Out Gold Coast - It Will Set you Free! Welcome to the First Episode...

Around 1.5 years ago I made a video at Broadbeach North tram stop pressing a local "hoodlum gangster" known as R J. A random dude that wasn't involved wanted to get involved and got punched in this face. About a month later I got bashed by 6 youths at Oracle East tram stop nearby. This is my follow up...

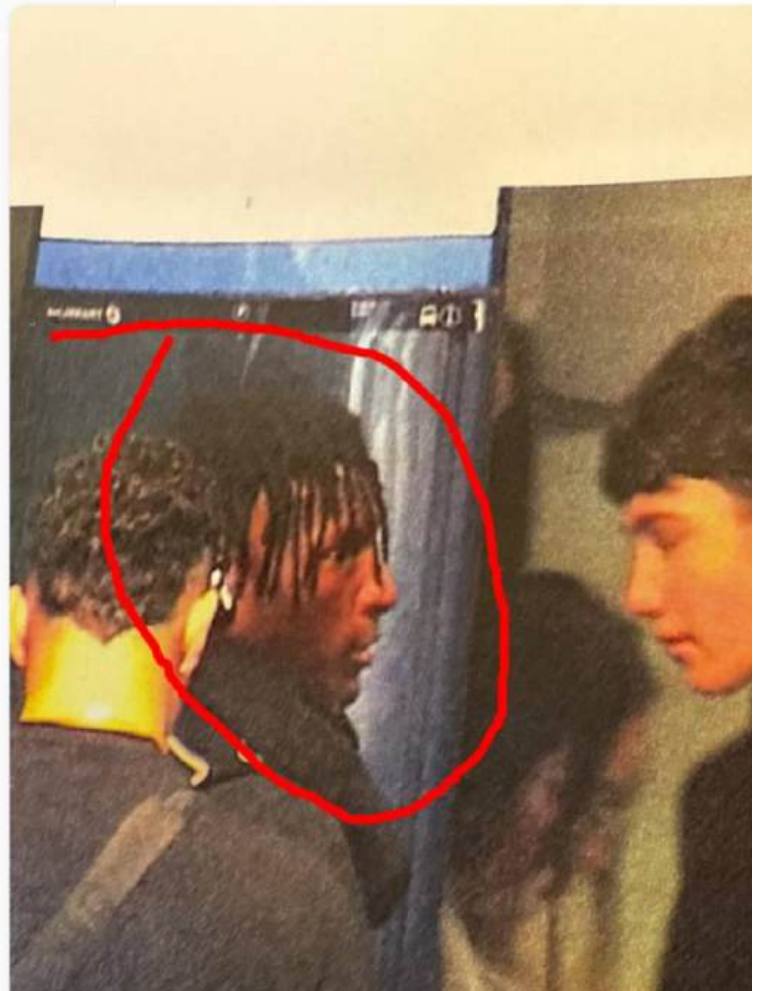

The Diddy of Southport

R J The Police Informant Pedophile Ring Leader

The Papa Doc of the neighbourhood - my love affair with this guy started after I suggested to my friend that he send him some money on PayID and I spotted him on the tram and asked if he got the money when he was with his crew - to which he acted like he didn't and called me weird. He then ran into the Men of Business Academy and claim he stabbed me to which I pressed him at the tram stop with my video that went viral showing he was full of shit. I've since learnt a lot about this baby faced crim.

 **Real Good Parents.** R J's parents are both University Lecturers who gave him everything he could ever want. He repaid his mother by hitting her in the face so bad she was forced to get an AVO out on him and let him out in the wild - where he's repeated that pattern with anyone that got close to him.

 **Knife Master and Billionaire Death Threats.** R J is a master of terrorism and creating fear. He has been caught with knives twice - which makes me question why he can't just walk the other way when he sees a wandinq operation. On top of that after making him

aware of my friend's website and the testimonial from Gina Rinehart - he decided to leverage the relationship by calling Hancock and saying he was going to gut Gina like a white pig, that he hates white people and demanding his land is given back to him. Unfortunately for him calls are recorded and he copped another charge from WA police - great rebellion R J.

False Accuser King. R J is the king of false accusations - everywhere he goes he gets touched. He's saying I'm a pedophile to the streets (which I have recorded) and that I touched a girl behind the dumpster - his little army really believes this. Meanwhile he's using the PayID receipt of the money my friend sent as part of his narrative to the police that the money was for sex and he was touched inappropriately, unfortunately for him he mixed up the dates of the "touching" - as my friend was in another state on that date... but that didn't stop him from making his next move after following me to the Cecil Hotel and jumping around telling everyone I was touchin girls behind the dumpster then running to the police station and claiming my friend sent me to get him.. get this, as retaliation for his earlier false accusation. He outsmarted the cops - I'll give him that and my friend was visited by counter terrorism and had his laptop confiscated. He then went and said he got touched by a doctor who put his hands down his pants - everywhere he goes he gets touched and the police (most likely upset due to my friend's association with me and helping me with the Crime and Corruption Report against Marc Barrow) become his personal terrorist machine. His new move is now to pump the narrative that I'm a police informant into Street University.

Mr. Suss No Go Zone. Despite trying to paint me as "suss" in his text messages he told his associates that he was going to "get" my friend Adam after seeing him hanging out with me at Pacific Fair. Do you know any straight dude that starts a harassment campaign because he sees a dude with another dude. Sorry to tell you R J - the way you stand and your moves - you're gay - something you denied when I pointed this out to you in front of everyone in the alley near Street University.

Raising the Black Army. R J rose an army to attack my friend to assert his presence. This included sending 3 black storm troopers to my friend's house in Helensvale after my friend asked me to advertise his property on Flatmates in Helensvale - to get his exact address - for what I can only guess. They grabbed his keys from him and R J was charged after they snitched on him before they even got into the interview room after they were found with facial recognition technology after his next door neighbour filmed their faces. R J walked out on bail and didn't stop there - he raised another army of 5 associates to attack my friend at the fruit shop at Pacific Fair - one of them had their jaw broken and was confused when my friend wasn't arrested - it's like he was never taught reality and consequences - ironically he was the one that snitched on R J - imagine that - snitching with a broken jaw. I wanted to thank the QLD Police for appealing the decision of the Magistrate who gave R J a suspended sentence for sending the three boys to my friend's home in Helensvale.

The Diddy Parties. A Diddy in the making. R J has started dabbling

— **The Dirty Games.** A dirty in the making R J has started dabbling into his own pedophile blackmail ring. He has ensnared not only a sizeable number of young girls who he has had sex with on camera - some as young as 14 and footage which I'll be looking to release when I interview him - but he's got quite a bit of Tiktok influencers involved in the action as well - one of which is a 17 year old Tiktok star with 1.1M likes who's had sex with a 13 year old. This was naughty enough for a Sex & Crimes Squad member to visit Southport and collect the information from my friend - who was able to extract it from R J through social engineering, R J just gave it to him - see that's the difference between ASIO and local police.

👤 **Snitch Gang Leader.** R J is a registered police informant. That means he gets paid by the QLD police to snitch - in fact he gets paid so much they gave him his own house - and when Bodie Chalmers asked him which social worker he went to - to get his own house - R J didn't want to tell him. Because it was the police! And he snitched on Bodie Chalmers. R J's whole gang snitches on everything and everybody - if you're near them don't say anything.

🏠 **Frivolous Lawsuit Extraordinaire.** R J has a lot of help from the Federal Government in his extra-curricular activities - which is suing companies for no reason. That doctor that he claimed put his hands down his pants? He's suing the doctor's insurance company - under what pretense who knows - the lawyers are from a Community Justice centre somewhere in the Gold Coast which gets its funding from the Federal Government - so they'll take on anything to add billable hours. And when he's not suing the insurer - this is a true story - he's also got another lawsuit where he's suing G-Link Tram - after Marc Barrow pulled him off for trying to ride on the back of the tram - I don't know why G-Link is responsible but the lawsuit is still proceeding.

🔒 **Resicare Destroyer and Snatch & Grab King.** R J has been kicked out of every Resicare home they have put him in - just like his mother's face - that he left black and blue - he "makes trouble" his catchword - at Resicares and stresses out the Resicare workers - and this extends to people who give him a place to stay - where he calls his friends to trash it before getting kicked out. And then when he's not trashing the place he's living at he's doing snatch and grabs - he's known for walking into stores - putting on a jacket and just walking out.

👤 **Justin Bieber Hatefluencer's Female Hate Army.** So apparently R J dances to Justin Bieber and that's why girls like him - some of the corniest shit I've ever heard. Some of these "female fans" saw my friend Adam at the convenience store near the Labrador McDonald's - about 6 of them - and they proceeded to accost him making comments like "You ruined R J's life!" while pulling out a blade to cut his mullet. Four of them were charged while 2 escaped - I don't know how my friend is ruining R J's life by calling the police but it seems it's the old "attack and victim" movement.

As much as R J is an enemy of mine he was instrumental in standing down the CIB North Task Force Latro after recording Aaron Barker who had the file put on his desk of the 6 youths who stalked me from Broadbeach North tram stop and assaulted me and took my jumper -

when he stated he believed that I deserved the belting - which was instrumental in the police corruption probe (after the smokescreen from the Detective Sergeant after the Honourable Daniel Purdie was contacted - he was just too stupid to facilitate the sale of it and make himself a quick \$200 - leading to ASIO getting involved - a file which was then shared with David Crisafulli.

Just remember as of now - unfortunately due to how dirty the cops are - your QP9 reports can be leaked by sworn members of the QLD police despite it not being legal. This happened to me with a local reporter Lauren Forbes from Sky News - even though the QP9 charge was dropped when CCTV footage was requested. In other words - everything you do will be used against you.

Kosta "It'll Cost Ya" Kondratenko
King of Southport

The "Latrine" Unit's Hater Central

Aaron Barker - QPS Sworn Member

It's true - I got bashed. By a group of gutless thugs - who were too in their feelings because I didn't give them whatever they felt they were entitled to - I said hello and that's about as much as anyone owes someone they don't know. They stalked me from Broadbeach North tram stop - ironically the same one where I pressed R J (perhaps some karma for myself) - to the Oracle East hotel where they followed me to the bathroom and assaulted me.

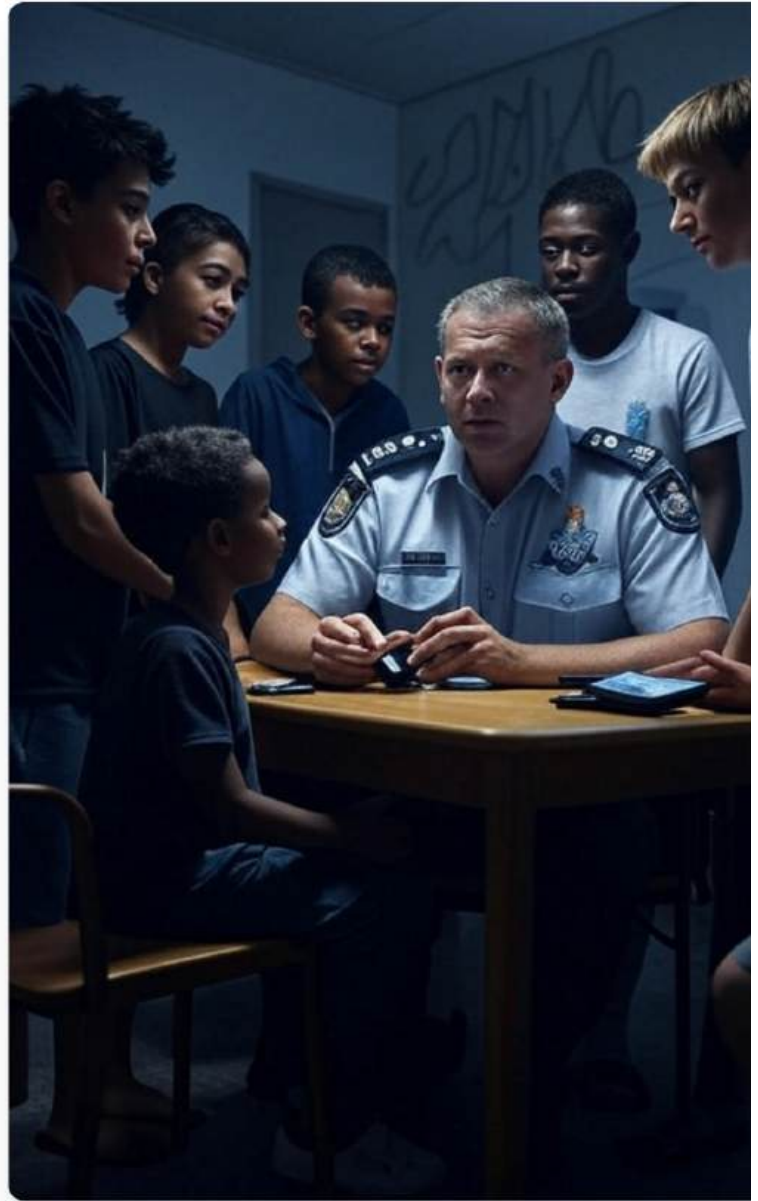

The Child Protection Unit? The day after the assault (or two) - I was contacted by a member of the police and I asked for an SMS to be sent of where I should go to give my statement - I was sent a text message to report to the Child Protection Unit - really? Who needs protection from who? Now I understood why Steven Miles lost. This was a 6 on one brutal assault and yet I have to give my statement at the Child Protection Unit? No wonder David Crisafulli - the tough on crime premiere won.

Failure to hand over my police statement. When I walked into the Child Protection Unit it looked like a psychiatrist's office - I gave my statement and asked for a copy - immediately I was told they could not make a copy - this is despite them having a big photocopier - so all ready I sensed something was up. One of the coppers even gave me shit because I told him of my friend's association - asking me why I hang out with someone that brings trouble. This is a person that doesn't understand risk and reward.

Hater Central Judge & Jury Activated. The culprits were identified by CCTV because they were so stupid they did the assault right under cameras and there's this thing called technology - they were quickly apprehended and informed they were to appear before the investigating officer Aaron Barker - they told R J and he came along where Aaron Barker gave them a big lecture how I deserved the belting because he didn't like my video - this stupid copper thought R J would be in his corner but R J set him up just like he sets everybody up. The snitches are not yours stupid coppers.

On top of that. The investigating officer called me - because apparently now that women are screaming my name they're upset that I messaged one of the girls - trying to prolong this ridiculous pedophile angle - even though my SMS service was all outbound.

That file was put over to Aaron Barker after I called the police from the Gold Coast CIR North Task Force Latro - who had to investigate it was it

...and I was a 6 on one assault. This is where the trouble started. I wanted to apologise to Aaron Barker that you felt some type of way about my video - I thought it was a work of art. I hope you like this video better.

Cold Reality

The MIN Number Mark

Once you have a serious indictable conviction - it will be visible on your file even when you're older (forever) but here's some interesting facts you should know.

The "Tap" Appeal

If you were young during the Steven Miles era and were able to avoid jail - if you cross the wrong person than that person can tap the right people and the QLD Police can appeal your sentence - and you will be tried under the Adult Time, Adult Crime laws of David Crisaafulli.

Forget Good Jobs, Welcome to the Mop

Once you have a serious conviction you can forget any good jobs - even entry level. In the competitive job market especially with AI replacing so many jobs and a global competitive economy people do background checks all the time - and you will always lose out to the person with a clean record.

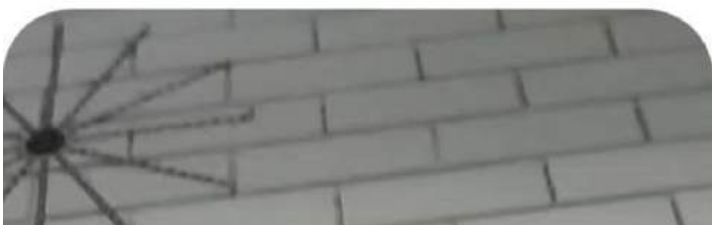

QP9 Report Leaks

Sworn members of the QLD Police privately leak your QP9 reports to journalists and other figures who then share it around to defame your character privately if you ever decide to get involved in an issue you're passionate about to paint you as dangerous.

Scheming, Inbred Closeted Plastic Gangster of the Gold Coast

Bodie Chalmers - The Loverboy That Claims He Was "Touched"

Bodie Chalmers, a Gold Coast figure entangled in crime and deceit, faces allegations of burglary, fraud, and betrayal.

- ❗ **The Setup.** Bodie Chalmers represents the typical gay closeted plastic gangster showing other gangsters he's manly by having sex with his female friends - while also snitching on everyone while hanging with bikies. Nothing happens to him and this is noted.
- 📞 **Armed Burglary.** The typical crim doing armed burglary in company - multiple times and getting caught easily. Charges are pending and he's got a real problem.
- 👤 **Car Thefts and DV Assault.** Just like almost everyone in Southport he has stolen multiple cars - don't know how many but it's too many to count - as my friend says and his rep sheet is 13 pages long and he's done Juvi. Bodie Chalmers was in a gay relationship with my friend for 3 months where he stayed at his house at Hope Island - my friend bought a baby German shepherd that they could share - Bodie assaulted him on two separate occasions - the second time he punched him in the face in the same spot, attempted to steal the dog and made comments saying "I'm going to steal a car and tell the cops it was because of you!". I had to go with my friend to Gold Coast Hospital and watched him cry to the doctor saying "I don't know why he did this" and sit with him at his bedside with marks.
- ✅ **Failed Lie Detector and Scabies.** Bodie Chalmers took a lie detector test to prove he was faithful and not cheating on my friend - delivered by OLDA | Lie Detection Australia. He paid for the test and received the lowest score possible of 1/100 for infidelity - of which he disputes the results of. My friend contracted scabies after his association with Bodie Chalmers which Bodie must have picked up in prison.
- ✅ **False Allegations and Card Fraud.** Bodie went to the police to make a statement that he had known my friend since he was 16 to build the narrative that he had committed all the crimes he had committed because he was touched inappropriately when he was young. Unfortunately, my friend had bank statements proving he wasn't in the state when Bodie was 16 - the Sex & Crime Squad didn't even bother doing a preliminary investigation and is planning to charge him for making a false statement. Bodie Chalmers illegally charged my friend's card on multiple occasions - and was caught on camera dumping the card at 7-11 and also accessing it at Star Casino where CCTV was sighted and Group Security from Commonwealth Bank was notified with charges for fraudulent use and theft currently pending. All together he's scammed my friend for \$27,000. He has also visited my friend's apartment at Jewel uninvited to attempt to get the floor number to attempt to steal it which he has made explicit. He also brought a 16-year-old girl over to Adam's house in an attempt to coach her to say that my friend touched her inappropriately, which wouldn't have worked because the police know Adam is gay.
- ✅ **The Birth Certificate Setup.** When Bodie's boyfriend Adam went to NSW Bodie had called him asking if he could send someone to nick

next door had called him asking if he could send someone to pick up his birth certificate to which Adam agreed - little did he know it was a setup. Four people rolled up to Adam's house. They all had knives and had entered the house - people called the police and the police called tactical response who are given powers from the Governor General of shoot to kill - they folded like girls when the tear gas was thrown through the window - they started calling Adam a dog when the police arrived not accepting responsibility that it was their loud entrance that had alerted the neighbour. Not only that but their stupid extortion/blackmail attempt of attempting to have Adam say that he raped Bodie Chalmers into a recorder - with Bodie on the phone making him beg for his life - didn't work since the recording would be made under duress and be inadmissible in Court.

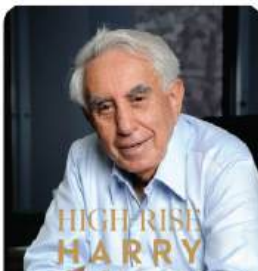

- ✓ **Spiteful Gay Killer in the Making.** In a dangerous turn police intercepted messages from Bodie's phone to his associate saying he was going to kill my friend after my friend shared photos that Bodie had sent him of his cock with his friends - since now Bodie's friends knew he was gay and his gangsta cover was getting blown. Bodie had bought a knife for this purpose and had headed to Adam's house and was asking neighbours where he was at - West his accomplice who had driven him there has confirmed in a record of interview that Bodie was planning to lure Adam into bed to rape him and then begin stabbing or begin stabbing him. Bodie had also shared plans to have sex with boys every night outside Adam's house within earshot to make him jealous - just another spiteful little plastic gangster gayboi.
- ✓ **Cheater.** Bodie is a cheater - unlucky for him my friend found his girlfriends and connected them together and now they know. There is a big difference between being good with women, being gangster and lying to women - or men - as he cheated on my friend too. You can buy a gun but you can't buy class in the street.
- ✓ **Property Damage Mole Rat.** Bodie went to my friend's house and ransacked it - punching holes in walls and bizarrely - scratching the temperature adjuster panels. All up the damage is estimated at \$27,000+ - the house will have to be repainted. This has pushed my friend over the edge - he doesn't like his things broken. Filthy animal. Luckily Mr. Triguboff said he will pay for the damages as he has helped him negotiate on important deals and I want to thank Mr. Triguboff for this - Mr. Triguboff has also said he will ban him from all the Meritons and I wanted to thank Mr. Triguboff for doing this. This little shit should be made to work off the debt and face consequences for what he did.
- ✓ **Snitching and Gigolo Lifestyle.** You know how these guys are - snitching on everyone - I've got the footage of this clown snitching on everyone which I might share later. Apparently this guy knows how to fuck - which I respect and this girl bought him a Gucci hat - he also has Gucci belts which he wears because he wins at the casino and I wish him the best of luck - but why are you using my friend's card illegally to get Maccas? Whatever remand centre Bodie Chalmers is held in - he can confirm that R J snitched on him ironically - and gave him about 7 extra years to think about hanging with snitches. He told me I was R J's boyfriend when he

saw me - my friend was going to buy this little hoe a C63S but he's not getting shit now. My friend helped this guy's incestuous father with getting top end cancer treatment - and this is how he repays him.

- ✓ **ASIC Overdrive** This is where my respect for Bodie increased - apparently somehow he was able to search my friend's name and find all the companies under it - including the one that Mrs. Rinehart was about to put money into - and was able to somehow add himself as a 50% shareholder - perhaps through forging a signature, in either case that's a Commonwealth charge and he's got another problem when ASIC gets a hold of this and refers to it to Prosecution. My friend has a \$450,000 GT car that may have been put under the company so if Bodie steals it he can tell the Judge that the company is his and so is the car - and then for his next magic trick he was able to get his name added to the bank account linked to said company. Unfortunately that was with the help of a girl working at the bank he may have been sleeping with in Robina (I believe it may have been Commonwealth Bank) - and now Commonwealth Group Security has been notified and the girl will be fired - which is unfortunate. It's going to take 68 days to remove his name - ASIC is very slow.
- ✓ **"That" Toilet Video** Bodie escalated his "pedophile attacks" by going the full Monty and getting creative with a video in a toilet with a voice over and my friend's face on it saying my mate is a pedophile who touches kids in the toilet. Definitely an upgrade from simply writing it with sharpie - and he sent it to his client Hancock Prospecting - somehow an executive from a client of Hancock saw it and made comment that they don't want to do business with Hancock Prospecting and Gina Rinehart if she continues to associate with my friend - a very risky move I must say - you never know - the next toilet pedophile video can be about you.

My Business Assets

Thank you for helping me along my journey as I enter the Illuminati

Harry Triguboff

High-Rise Harry

Thank you Harry for letting me stay at the Meriton at Broadbeach during Cyclone Alfred. The sliding door was incredible as I couldn't hear anything or the trees falling.

'High-Rise Harry' is the authorised biography of Harry Triguboff who founded Meriton over 60 years ago and is one of the greatest entrepreneurs Australia has ever seen - starting with hiring a builder to build a block of land out in Roseville after running a taxi fleet and owning a milk round - you now can't go anywhere in the Gold Coast without seeing a Meriton apartment.

Make sure to pick up the High-Rise Harry book from New Holland Publishers here and book a stay at the Meriton Suites here.

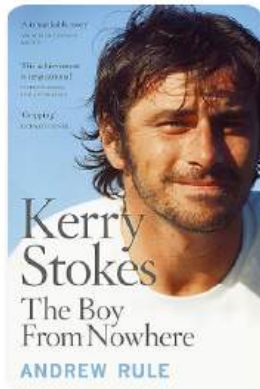

Gina Rinehart

From Red Tape to Red Carpet

Gina Rinehart took over Hancock Prospecting from her father Langhock and launched it into the stratosphere as the most successful private company ever in Australia's history.

She has expanded into Wagyu Beef cattle holdings through her 2GR Premium Wagyu Beef brand and has divested into Rossi Boots and fashion.

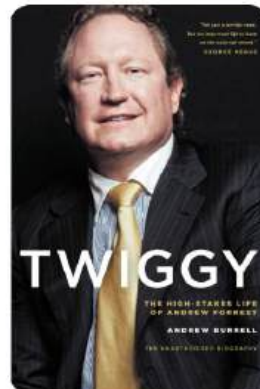

I wanted to thank my friend for the opportunity to edit the Hancock website - and also the \$450 from Mrs. Rinehart.

Kerry Stokes

The Boy From Nowhere

Kerry Stokes came from the streets and built a media empire through Channel 7 as well as Boral - a building and constructions material company. He's known for his philanthropy and also has offered to put up a legal fund for the privacy violation of homeless individuals which was leaked from the Gold Coast Aquatic Centre which my friend has shared which I wanted to show appreciation for - as I was in that photo and the guy who leaked it has an unhealthy obsession with my mate and Tom Tate saw it and dismissed it.

Andrew Forrest

Twiggy

Andrew became aware of me after I helped my friend find a luxury apartment in the Gold Coast (The Jewel Apartment) - he had made comment to my friend that my friend should pay me \$50,000 or so as commission... which my friend still hasn't paid me.

I wanted to thank Mr. Forrest - who understands good business - make sure to pick up the Twiggy book on Amazon here.

Elon Musk

America Party Founder

Mr. Musk had heard about me and had made comments about me getting a list of 1,500 subscribers for my political party as a starting point.

If you haven't heard of Elon Musk I don't know what to tell you - he founded the biggest electric car company in the world Tesla (make sure to get your Tesla from Southport dealership which comes with Sentry Mode or as I like to call it - R J Mode). He's also building robots and taking people to Mars.

As you know he's recently launched the America Party - he's been involved politically with Donald Trump. These are the people I'm allying myself in. I wonder what he thinks of R J.

Investigative Report

The Pedophile Enabler and Tom Tate Worshipper

Marc Barrow - QPS Sworn Member

Illegal Eviction. Marc Barrow is the QPS member that led the squad that conducted an illegal eviction against me from BeHome in Surfer's Paradise.

Turning a Blind Eye. Marc Barrow made comments to my friend that he has done multiple illegal evictions from BeHome with full knowledge they are operating illegally - and yet when he arrested me his team gaslit me by saying "You don't know what you're talking about" with full knowledge I was right when I informed them of Be_VO2 System: BeHome's issues.

Illegal Removal of Items. Marc Barrow's team removed items from my pod in BeHome illegally while issuing me a Public Nuisance ticket outside the property along with a Banning Notice. This Public Nuisance ticket was escalated to a case and the Judge made

comment that it was dropped because I didn't attend which I dispute as Courts don't drop charges when you don't attend.

- 🔔 **Contravene Banning Notice Defeat.** Marc Barrow brought a charge against me when I went back to BeHome saying that I contravened the banning notice - despite the fact that the Banning Notice clearly stated that I am allowed to return to my home which is what I did since I have a bond lodged with the RTA - Marc Barrow entered the dwelling and when I told him of this he said he didn't care - this case was brought before a Magistrate and I defeated the prosecution after cross-examining Marc Barrow - placing me in the 5% of self represented applicants that defeat police prosecution.
- ✔️ **Complaints from Women in QPS.** Marc Barrow has complaints from a female member of QPS - I don't know the details - maybe something about seeing a woman in uniform triggers him.
- ✔️ **Gina's Tell Tale.** Marc told the wealthy lady Gina Rinehart that I called her friend a "white cunt" - admittedly a very appalling statement that I had picked up from R J - over private SMS messages after subpoenaing my friend's phone looking for the "pedophile". Very unprofessional I must say and a nice move to privately defame me.
- ✔️ **Liquor License Shutdown** In a truly petty turn of events - Marc Barrow called my friend at 5am in the morning to inform him that he would be looking to stop him from obtaining his liquor license to run the Empire and Platinum nightclubs - because of his association with me. Marc Barrow has me on his mind as do I. It won't work but he can tie my friend up in a QCAT case for a year and cause trouble for the owner Jimmy - luckily Corey Cook has been informed of Marc Barrow's actions and has sided with my friend that it is unfair for my friend to be penalised for his association with me.
- ✔️ **Mugshot Extrodinare** After I defeated Marc Barrow in Court and even though all my charges were dropped he used my mugshot to spread around all the shopping centres including the Helensvale Shopping Centre - where my friend (Gina's friend) got accosted by some Iranian security guard when coming to meet me and tell me he has political aspirations - who shoved my mugshot in his face and said "Why are you hanging out with him". The uneducated fuckwits must be kept at bay at that security station.
- ✔️ **Turning a Blind Eye to R J & We All Stick Together.** Marc Barrow has made comments that if R J stabs me to death he will turn a blind eye - a QPS member choosing to turn a blind eye to a homeless person getting stabbed to death by a person that we now know has an open Sex & Crime Squad Investigation shows the broken culture within the Surfer's Paradise police station - along with comments about how "we all stick together".

Investigative Report

The "Forbes" Snitch

Lauren Forbes - the Sky News Journalist who was organized by Adam Watson to interview me at my tent around issues I had encountered with the Gold Coast Council after becoming homeless following eviction from BeHome in Surfer's Paradise.

- ❗ **The Setup.** Instead of working on the story about issues like broken homeless services (7 Care Connect's website was down for 1.5 years), Lauren Forbes began building a dirt file on me after the interview.
- 📞 **Corrupt Connections.** She leveraged a relationship with a corrupt police officer who leaked copies of my QP-9 reports, which she then shared with Hancock Prospecting along with my tram fines.
- 💡 **The Outcome.** All my police charges have been dismissed. The McDonald's Public Nuisance charge was dropped when I demanded CCTV footage that wasn't acquired. Sky News reportedly rejected the story, but no video link was ever provided.
- ✅ **Russian Wisdom.** After making the typical "he's evil" comment about me to Adam Watson, Lauren Forbes proceeded with her unethical actions. As the Russian saying goes: "She sees a speck in another's eye, but doesn't notice a log in her own."

Don't let the internet get you confused - R J wouldn't like Lang Hancock. But hold on - is R J a sweet little innocent baby lamb. Let the media distract the sheep - keep your head down and don't signal affiliation - act confused. Let the plotters show themselves.

Setting the Record Straight

Addressing false allegations with the unfiltered truth, directly from the source.

I Am Not a Russian Hacker

Hellen Pertekes from Books r Us has ran to a police station making claims her laptop was hacked and then telling Gina Rinehart to play up the Australian's paranoia caused by the Medibank data breach. If I was a hacker would I be homeless? I make websites but my site is down because I didn't pay my hosting.

I Am Not a Pedophile

Despite R J's narrative to the street - there is no open Sex & Crime Squad investigation on me - however there is one on R J and I will soon have access to the R J tapes. Also this narrative is not entertained in any law enforcement office - and no kid has ever gone into a police station to make a complaint ever. Also I have no interaction with younger people other than a mass SMS service that people signed up for on my website which is one way. Also I've never 'chased kids' as some have claimed - they're chasing me to the toilets and also I've never PayID'd any kid because I need money for myself to eat.

I Am Not a Mysoginist \ Woman Basher

There is a QP9 report that was leaked by a sworn

I Am Not Spiteful \ "Ruin" People

There was a comment made by Gina Rinehart after

member of the QLD police to a local reporter named Lauren Forbes of a Public Nuisance charge at Kangaroo Point McDonald's that was shared with Gina Rinehart where allegations are made by a female employee at McDonald's saying I said mean things, made threats etc. This charge was dropped after CCTV footage was requested as it was not obtained or corroborated by the police officer that took the statement. There has never been so much as an allegation from any women in my life of any untowards behaviour at police station. An allegation was made by Harlen that I hit a girl during the altercation with him in Australia Fair and this is disproven and was only because I called him a faggot.

my video dropped that I was going to ruin my friend and that I'm spiteful. I made the video because R J talked shit to Hancock saying he was going to stab them, because Gina Rinehart doesn't like Labour and I heard information about Gina Rinehart having dirt on Steven Miles - and to also bring attention to the fact that the Gold Coast Council took the hot water thermostat from the park so I couldn't have tea which is relevant to the homeless crisis.

I Am Not Planning to Hurt\Put Members of Parliament in a Coffin

The video I created clearly stated that Gina Rinehart had dirt on Steven Miles - any reasonable person would interpret that as dirt like political dirt - taking bribes or evidence of shady deals etc. I'm not planning to drive out to the dessert with Gina Rinehart and bury Steven Miles or Tom Tate in the dessert with her. So I'm not planning to bury and put someone in a coffin - now these cunts know that and are trying to be smart and paint me as a terrorist against the state. I have never thought about killing these cornballs.

I Am Not the Bondi Junction Stabber \ Planning to Kill Civilians

There has been an allegation made by my friend's psychologist mate who is an ex-junkie that the reason I am walking around so much is because I am plotting to kill civilians similar to the Bondi Junction Stabber. I have never played with knives and have never advertised myself on escort sites like the Bondi Junction stabber - nor have I ever plotted to mass kill civilians. If I was going to kill people they would be my enemies and it would be systematic and contained.

My Mental Health History Clarification

Marc Barrow the police officer in Surfer's Paradise who I defeated in Court made a note on my QLD Police file after the Crime and Corruption Commission visited him after I lodged a complaint about the illegal eviction attempt his squad performed outside BeHome in Surfer's Paradise - made notes in my QLD police file that I have a history of mental health. For the record I have been in 3 psych wards - the first one being the Gold Coast Psych Ward after I attended a Date with Destiny Seminar with my mother when I was around 17 as well as Sutherland Psych Ward and Bankstown Psych Ward. However after separating from my mother I have not taken any drugs or had any issues - my mother however kicked in the door of her next door neighbour's apartment who was an Aboriginal and was taken to the psych ward soon after - so it's quite clear my mother is the crazy one.

I Am Not a Police Informant

I have never been paid by the QLD police to snitch on or testify against anyone else - also I have no long term interactions with people who are gang affiliated. This narrative is being pumped by R J into Street University and I have access to tapes of R J snitching on his people in regards to an armed burglary charge which I will be screening in the cinema.

I Am Not a Bitch

R J said I'm a bitch when I walked away from him at the Cecil Hotel - he had sent me an SMS after I

I'm not a Public Nuisance

pressed him at Broadbeach North tram stop earlier telling me he is going to get a restraining order on my name and after pumping that narrative into the streets after the second confrontation he ran to the police and told them my friend sent me as retaliation for telling the cops that his cock was touched when it wasn't - also when I was hit it was not a one on one it was 6 people who I didn't know.

Centre that I am a public nuisance but even the police themselves who issue public nuisance charges have deemed fit to scrub those charges for my record. What does that tell you? It tells you the police are making a public nuisance in trying to call me a public nuisance.

The Nosy Hoe that Won't "Cease and Desist"

Total Property Group's Emma Jennings and the Unhealthy Obsession of a Deranged Stalker

- 📌 **The Setup.** After inspecting a luxury apartment for my friend and learning I lived in a tent when she enquired about my living situation, Emma Jennings initiated a coordinated campaign of interference and defamation against both my friend and me.
- 📞 **Malicious Actions.** She made false allegations to police officer Marc Barrow claiming my friend and I were attempting to steal the unit, despite having no evidence. She made persistent calls from private numbers calling him "trash" and conducted a defamation campaign against my friend's employer Hancock Prospecting.
- 💰 **Financial Misconduct.** Despite explicit instructions not to charge until due diligence was completed, she unauthorized charged my friend's credit card \$5,000 for a deposit after he filled out an expression of interest form.
- 📢 **Ongoing Harassment.** When my friend secured alternative accommodation at Lake Serenity Boulevard, she contacted the new real estate agent via email, falsely claiming he had no money and suggesting they contact Marc Barrow to "dump his things on the street."
- ✅ **Legal Consequences.** The persistent defamation campaign resulted in a Cease and Desist letter being issued to Total Property Group, conducted with the full knowledge and apparent support of Director Adrian Parsons.

The Gold Coast Council's Homeless Problem

Tom Tate is a bad boy who's been in trouble before with the Crime and Corruption Commission but he just keeps getting away. The cost of living and homeless comes back to councils and their heartless actions. Let's check out my story.

Granting BeHome A License

BeHome is a property in Surfers Paradise that has been granted a license to operate and collect bonds despite advertising itself as a hostel. This allows the proprietor to say its like a home but instrumentalise the police at will for illegal evictions and leverage the complicity of a Queensland Police Service who turns a blind eye and then issue Banning Notices after executing illegal evictions. I beat the police in Court and the untrustworthy copper Marc Barrow - and the subpoenas for landlords have been lost.

"He's a public nuisance!"

Tom Tate

Council Actions Against Homeless

- ✖ **Thermostat Theft.** The PSLO team from the Gold Coast Council actually ripped out the hot water thermostat from Broadwater Parkland near skid row so homeless people couldn't make a hot cup of tea. This includes disconnecting electricity in Broadwater Parkland and saying it's for safety.
- ✖ **Tent Theft.** The PSLO (public space liaison team) steals tents - like all the time. Even when those tents are deep in the bush. Remember if someone is down on their luck buying a tent means paying approximately \$150 for the tent, sleeping bag, yoga mat etc. Many people don't have that in a cost of living crisis.
- ✖ **Invisible Websites.** The showers at Broadwater Parkland and Southport library (run by the Gold Coast council) pointed to a service called 7CareConnect - which had been down for 1.5 years - leading to people on skid row not having any referral services whatsoever.

Shower Privacy Violation

Homeless people who are in the public space are treated like the dog #1 at the Gold

Homeless people that end up on skid row are profiled by the staff at the Gold Coast Aquatic Centre - who misuse CCTV footage to create a smorgasbord of homeless people for violations as little as using the upstairs shower instead of the downstairs one even when nothing bad is being done. On top of that staff leak the photos to members of the public with malicious comments like "Look at these shit cunts" and then when they are confronted for this they create false allegations that the person in the photo (me) has made death threats despite no death threats have been made and attempt to instrumentalise the police - while Tom Tate dismisses the photo stating that I'm a public nuisance. This has caught the attention of Kerry Stokes who has stated he will fund the legal fund.

Mr. Everyone Is Coming For Me

Steven Miles - QLD Opposition Leader & Baton Man

Background. Steven Miles is the first QLD Premier to stay on as Opposition Leader after being defeated in state elections. He has backed youth crime policies, such as magistrates being blindfolded to a juvenile's past criminal record, which have contributed to issues with individuals like R J, Harlen, and Bodie Chalmers.

The Burial Angle. An expert in creating threats that don't exist, after viewing my video claiming Gina Rinehart has dirt on Steven Miles (for the record, EVERYONE has dirt on Steven Miles), Mr. Miles pushed a false narrative to the police that I was threatening to put Members of Parliament in a coffin. This led to mental health checks on homeless people, painting them as Parliament killers.

Criticism Are Terror Threats. My friend Adam sent Steven Miles letters from Southport library with feedback on his actions. When R J falsely alleged Adam sent me to Cecil Hotel as retaliation for a 'touch my weiner' claim, police subpoenaed footage from the Cecil Hotel. Despite clear evidence R J was aggressive, police launched a counter-terror squad at Adam's house, confronting him with a baton for sending letters to Steven Miles. A nice example of the chilling effect.

Policies, Solutions and Concrete Arguments

It's time for accountability, transparency and promoting the safety of the individual citizen above all else.

ADF On the Streets of Victoria!

Jewish schools and synagogues must be protected! You voted Labour back in and that's what you got - highest arrests in Victoria Police Force's history - Jewish women and children living in fear. Restore safety and let people be free and at peace.

Nuclear Submarine Armament

Australia needs to be armed and ready - to show adversaries that we mean business and to stop getting walked on. We should have been building nuclear subs 5 years ago. We need 12 nuclear attack submarines to send China a message - if you play games we attack. And we rebuild instead of waiting until the submarines are worn out.

One Hospital CEO

QLD has 16 Hospital CEOs. And that comes with their own management team. This needs to be amalgamated under one structure. The overhead from every region having their own management team for repetitive administrative functions is unnecessary and leads to excessive overheads. This also applies to switchboards - one switchboard for the entire state to dispatch and

coordinate ambulances and health teams.

Stand Up to Toxic Unions!

Unions are out of control - this is not in question. They have been allowed to get away with whatever they want for too long - and the CFMEU is a prime example. This behaviour is no longer tolerable. We need to stand up to unions and clean out all the lazy bureaucrats - people have gotten fat on the public purse and they need to account for their contribution - any government executive that turns a blind eye to intimidation, misogyny and stand-over tactics must be stood down immediately. Any union employing stand-over tactics should be dissolved immediately.

Law & Order - No More DV Trauma & Digitization

Trauma against good citizens cannot be normalized. We need to implement 20-year minimum sentencing for knife crime and home invasion. 50-year minimum for murder. Immediate electronic monitoring for domestic violence perpetrators. Special domestic violence court to be set up. 6-month automatic sentence for first DV breach regardless of Magistrate. 9-year minimum for second offense. Zero tolerance for trauma. Fully digitized Court system similar to the Federal Court.

Charities Stripped of Funding

Royal Commission into major charities like Australian Red Cross, Vinnies Queensland, and Salvation Army and other government-funded properties to assess use of bequeathed properties and immediate powers for QLD police to make arrests of charity executives found to have been misappropriating funds for personal use and immediate cease of government funding to such charities until they cooperate and provide information required for a Royal Commission. Transparency is critical.

Government Assets

My chosen team of government elites specifically chosen to protect me as I investigate Steven Miles.

David Crisafulli

The Premiere of Queensland

The Premiere of Queensland - whether you like it or not. Coming in under the slogan of Adult Time, Adult Crime - Mr. Crisafulli has reviewed the audio from R J's phone of Aaron Barker from the Latro squad pledging not to do anything about my assault where my golden jumper was taken. He has pledged to stand down the entire squad due to the Senior Sergeant who was tapped by the Police Commissioner choosing to create a smokescreen rather than chastise Aaron Barker. He has also reviewed the leaked photograph from the Gold Coast Aquatic Centre and vowed to stand down the entire staff for their behaviour.

Mike Burgess

Director-General of ASIO

The ASIO team was able to extract the audio file from R J's phone of Aaron Barker pledging not to investigate/charge R J's 6 cowardly associates who chose to stalk me from the Broadbeach North tram stop into the bathroom at Oracle East and assault me. The reason it seems - was because Aaron Barker had a stick up his ass about the video which I dropped over 2 months ago and felt I "deserved" to get

about the video which I dropped over 2 months ago and felt I deserved to get belted - which is funny because I don't remember Aaron Barker being a judge who gets to decide whether people should be charged - this type of police corruption is why gang violence occurs and people get stabbed.

Deb Frecklington

Attorney-General of Queensland

As mentioned before about the "tap" - Deb Frecklington was informed of the activities of Harlen and pledged to have the QLD Police appeal all of his cases to bring justice to his victims - the guy I punched in the face and called a "faggot" at Australia Fair. Harlen has stolen over 10 motor vehicles - but it's not just the theft that is the issue it's the way he stole. He put knives to people's necks prior to taking the keys - which included women and also unfortunately a bikie who swore revenge. He thinks stealing cars is totally normal because he never felt the consequences due to Steven Mile's policy of the Magistrate not seeing his past convictions when sentencing him - now that's about to change - he will be tried under the new Adult Time, Adult Crime laws and perhaps do 10-15 years in the can. Oh well.

Meme Scholarship

Gina Rinehart's Legacy of Memes

Mrs. Rinehart has recently invested in two nightclubs in Surfer's Paradise through my friend's company (Platinum and Empire). Word has reached me through my friend that she commented she could make me powerful... enticing indeed.

But the better question is... what does Mrs. Rinehart want?

The Liberals have suffered their worst defeat under Mr. Dutton since the party's formation in 1944. While Mrs. Rinehart's philanthropic endeavors focus on sports, she is less active in the arts. The Vincent Namatjira controversy has shown how people are fascinated with Mrs. Rinehart as a figure and as a woman. No doubt she wants to influence how she is represented artistically—and how she is remembered.

The Liberal's defeat and the Vincent Namatjira controversy present an opportunity for me to gain patronage from Mrs. Rinehart to sponsor my memes (I am after all, just a failed meme artist with political aspirations). My memes, largely forgotten in my Facebook profile, are timeless in their message. I want to share them publicly

Patriotism and Espionage

Mrs. Rinehart loves Australia and always waves the Australian flag - and recently the ASIO director-general Mike Burgess has sounded the alarm over espionage threats - saying it's costing Australia \$12.5 billion a year. ASIO was originally founded to deal with the Soviet threat - just because I know the guy who's ex-ASIO and knows Mike Burgess doesn't mean anyone in Australia should be concerned. Kosta Kondratenko

Hey everyone I have some FANTASTIC news.

I have gotten my Australian Citizenship!!!!

It's crazy to think - that at the age of 33 - I have never once voted in any election in Australia or anywhere - nor was I allowed to.

After doing an online Citizenship ceremony (due to COVID) I had this baby mailed to me a couple of days later.

I can't explain what a relief this has been off my shoulders.

I love Australia and am so grateful that I am now a naturalised citizen.

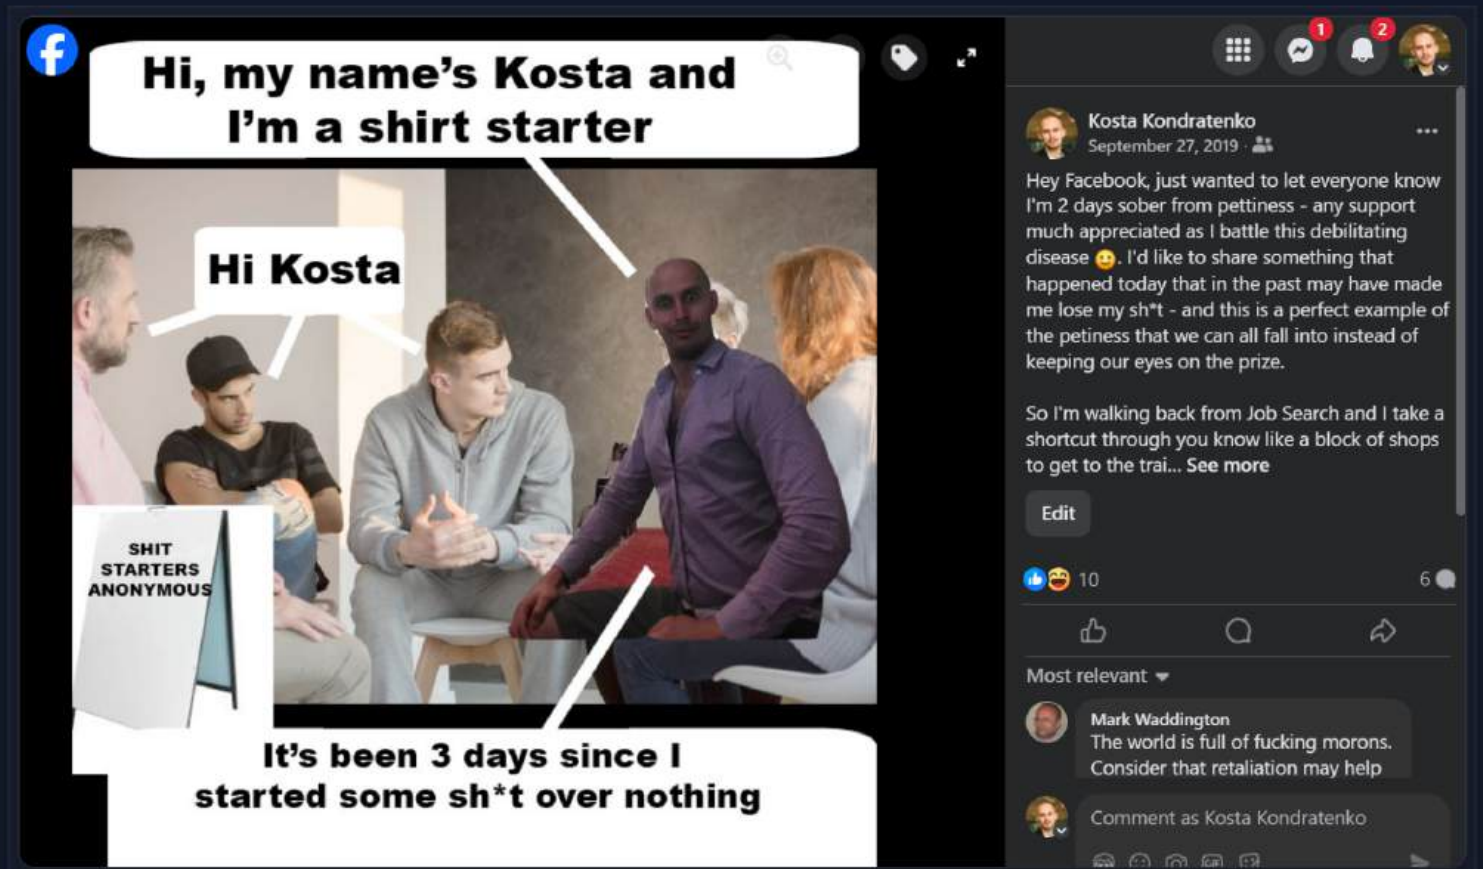

Not many people know this about me but my parents and me came to Australia on a holiday visa then we switched it to a refugee visa because we didn't want to go back to Russia (because let's be real - who wants to live in Russia lmfao).

Anyway my parents had to have this big fight to try and stay in Australia and eventually we got our permanent residency.

Starting Shit

R J started some shit, Hellen Pertekes started some shit, Bodie Chalmers started some shit, Harlen started some shit. The police squad started shit. But I want to be

clear - this is not a real group. It's a meme Marc Barrow.

Thank You, You're Far Too Kind

A word of thanks to the brands that have helped me in the Gold Coast as I "struggle" in the cost of living and homeless crisis in QLD while building my power base.

Crime & Punishment - the Russian

Crime & Punishment - The Russian Speaks

Hanging out with Gina Rinehart's friend has taught me a lot about what it takes to be a man of the highest calibre. I'm a nobody who just hopped on the radar and have started to learn how Australia works. Here's my story and what I've learned.

Gay Relationships - ASIO & Red Flags

My friend entered a relationship with Bodie Chalmers - who showed every sign of a red flag possible. The basis of which was a long list of armed burglary charges. On top of that Bodie assaulted him viciously hitting the same spot on my friend's head and cheated on him. My friend - which I will refer as "Rinehart's Heart" - would talk to me on the phone - "We have to catch him out Kosta!" He thinks he's still in ASIO - he's picking up on every simple scam Bodie Chalmers is doing while also providing Bodie Chalmers with legal support. I'm glad I'm learning ASIO techniques and the law - it's just that in a relationship sense he doesn't have to "catch" Bodie out because we all ready know Bodie is bullsh*t. "Rinehart's Heart" says "Kosta I can't believe you don't have any AVO's, you're very lucky" - but if you are not ASIO just move away from a toxic situation with red flags.

- ✔ **Events.** Ac tincidunt sapien vehicula erat auctor pellentesque rhoncus. Et magna sit morbi lobortis.

Gangland and Law Enforcement Co-Operation

Bodie Chalmers went to a party and took some drugs which were laced. The dealer was a killer - he personally spiked the batches to kill as many people as possible. This puts the dealer in a whole different category of crime ("mass killer") - and the drug distributor (which I won't name let's call him Mr. A) - now has a problem as his rounds are interrupted. A situation like this leads to both law enforcement and the distributor being notified - if the killer dealer is reached by the distributor he will be killed and it will be marked as "gang related" and placed in a cold file - so he needs to hope he's found by the distributor first.

Someone Has to Do the War Crime - Street Battles and Armchair Critics

Gina Rinehart has refused to rule out financial support for Ben Roberts Smith - who's been accused of war crimes. He's also had a lot of commendations. She penalised my friend financially for the video I dropped of R J - at that time people didn't know the extent of R J's activities or what he would become - now things have changed up.

By now Mrs. Rinehart has come around to my way of thinking - and how Southport is - as the ghetto of the Gold Coast - and after her friend is targeted multiple times at some point someone has to do the war crime - if I get him hit he will jump up and down and say "The white people are coming for me!" however the media will know I can drop the pedo porn I have and will back away.

At a certain point after R J has snitched on the whole neighbourhood, got my friend with a baton to his neck because of my friend's emails to Steven Miles and had his house raided with false allegations, turned the neighbourhood against me with his false pedo accusations in the street, built a pedo ring, did aggravated burglary someone has to do the war crime - but it's too sophisticated for simple NPC's to understand.

Cunts that have never been in war like to sit and open their faces - meanwhile cunts are moving up silently like me with no noise.

"Vel ultricies morbi odio facilisi ultrices accumsan donec lacus purus. Lectus nibh ullamcorper ac dictum justo in euismod. Risus aenean ut elit massa. In amet aliquet eget cras. Sem volutpat enim tristique."

Maria Hill - Marketing Manager

The "Sexual Opps" and Gaybois vs. Genuine Gang Warfare

After I gave R J the introduction to my friend by showing him the website I had made for my friend with Gina Rinehart's testimonial he was on the phone with my friend calling me the "opps" - "Kosta's the opps, Kosta's the opps!"

It didn't make sense to me at the time for why I would be the Opps when I was the one that gave him the introduction. But what I was really - was the sexual opps.

Every black group has a gayboi riling them up and making them dance - this was the case with the rap group G-Unit with Young Buck and his emotional phone calls to 50 Cent and why 50 Cent had to record him and leak it to show his gayboi nature.

A man who takes it up the ass for a pair of sneakers is different from a regular dude - from the way he stands to the way he talks.

R J had rattled up a whole army to attack my friend for emotional reasons - there was absolutely zero reason to do this - many of them are going to do 6-9 years for R J after he sends them at my mate - and for absolutely zero financial benefit - which is what makes them so scary and unpredictable.
